

Bulk Ink Supply Reduce Cost, Improve Efficiency

SUPPLY SYSTEMS FOR HP AND FUNAI

Kao offers gravity-fed bulk supply systems for use with HP and Funai industrial printers. The system consists of a 1-litre ink bottle or 500ml for solvent-based inks and feeds up to 8 inkjet cartridges. Bottles and cartridges each have a quick disconnect feature that makes it easy to change them.

BENEFITS OF THE BULK INK SUPPLY SYSTEM

- Minimise operator interventions with fewer ink cartridge changes
- Reduce downtime for your printing operation
- Significant cost savings over single-use printer cartridges
- Feed ink to as many as 8 cartridges
- Fewer disposables create less waste, supporting your sustainability goals
