

Customers and interested parties are cordially invited to find out about the latest new developments from HELL Gravure Systems at the virtual Drupa from **April 20 to 23**. HELL will be present in the virtual Drupa showroom and will ensure that "trade show feeling" comes up by means of live demonstrations. Participation in the Drupa is free of charge for visitors!

The following Drupa highlights are the focus of the planned **live demonstrations**:

- Laser direct engraving with **Cellaxy**
now triple successful with linework, halftone and embossing
- HD engraving on Helioklischograph **K500** and **K5 Smart**
a new quality standard with automated quality control
- **PremiumSetter** modular system
meets all requirements for LAMS and DLE

Take part in our virtual stand tours:

The virtual stand tours are conducted with Microsoft Teams.

The teams invitation links are deposited in this PDF document in the table below.
