

ICC profiles by Stora Enso

A Stora Enso Paper Technical Service

Tailormade ICC profiles to optimise your print result.

Stora Enso offers tailormade ICC profiles to best match our paper and your printer preferences.

A calibrated ICC profile defines the color space of a certain inkjet printer, inkjet paper and inkset.

✓ Help to understand the interaction between paper and ink

✓ Find the perfect color space for your print setup

✓ Better print results and potential ink savings versus current setups

✓ Lower ink usage could lead to lower energy use or higher production speed
