

For all kinds of special-shaped die cutting, such as various types of beer labels, food and beverage labels, cards etc;

Various sizes of cards, tags, envelopes, visiting cards, PVC cards, instant noodles cover, notebook,

credit cards, brochures etc;

1.The hydraulic power supply system is stable and reliable

2.Die cutting high precision, trimming neat, no burr

3.Infrared photoelectric protection of fuselage,

4.High safety factor of operation, flexible adjustment of tool loading and unloading.

LPM-150 Punching Machine:

### Technical Data.

**The maximum cutting size** 110x110mm  
**The minimum cutting size** 10x20mm  
 Cutting stroke 200mm  
 Nominal force 16KN  
 Work speed ±12000 Sheets/min  
 Motor power 1.5kw  
 Net weight 300kg  
 Packing size 1200x850x1400mm

### LPM-220 Punching Machine:

### Technical Data

**The maximum cutting size** 160x160mm  
**The minimum cutting size** 10x20mm  
 Cutting stroke 200mm  
 Nominal force 30KN  
 Work speed ±12000 Sheets/min  
 Motor power 2.2kw  
 Net weight 360kg  
 Packing size 1450x850x1500mm

### LPM-280 Punching Machine:

### Technical Data

**The maximum cutting size** 200x200mm  
**The minimum cutting size** 55x60mm  
 Cutting stroke 200mm  
 Nominal force 40KN  
 Work speed ±12000 Sheets/min  
 Motor power 3kw  
 Net weight 560kg  
 Packing size 2300x850x1600mm

### LPM-400 Punching Machine:

### Technical Data

**The maximum cutting size** 270x270mm  
**The minimum cutting size** 120x120mm  
 Cutting stroke 200mm  
 Nominal force 50KN  
 Work speed ±12000 Sheets/min  
 Motor power 4kw  
 Net weight 900kg  
 Packing size 2500x1040x1660mm

### LPM-500 Punching Machine:

### Technical Data

**The maximum cutting size** 340x340mm  
**The minimum cutting size** 150x150mm  
 Cutting stroke 200mm  
 Nominal force 50KN  
 Work speed ±12000 Sheets/min  
 Motor power 4kw  
 Net weight 1140kg  
 Packing size 2700x1140x1860mm

### How to purchase dies:
